## Qualifications Summary

---

- Excellent academic performance in electrical engineering and computer science classes.
- Strong analytical skills with a proven history of troubleshooting technical challenges.
- Excellent communication skills within small and large groups.
- Extensive knowledge of Adobe Creative Suite programs (Photoshop, Premiere Pro, After Effects).
- Proficient in electronics soldering.

## Education

---

Northern Arizona University

*Expected Graduation May 2026*

Flagstaff, AZ

B.S. in Computer Engineering, GPA 3.92

Dean's List

*Fall 2025, Spring 2025, Fall 2024, Spring 2024, Fall 2023, Spring 2023, Fall 2022*

## Relevant Experiences

---

### Freelance Video Editing

*May 2024 - Current*

- Communicated effectively with clients to capture their creative vision, ensuring that project goals were met and exceeded.
- Utilized industry-standard editing software to assemble, refine, and enhance video content for various projects.
- Managed project timelines and revisions, consistently delivering polished content that met strict deadlines and maintained a high standard of quality.

### Freelance Computer and Video Game Console Repair

*July 2023 - Current*

- Diagnosed and repaired hardware and software issues on a variety of computer systems and gaming consoles, ensuring high customer satisfaction and minimal downtime.
- Provided both on-site and remote technical support, troubleshooting complex problems and advising clients on preventive maintenance measures.
- Managed an inventory of replacement parts and coordinated with suppliers to streamline repair processes, reducing turnaround times by implementing efficient repair workflows.

### Broadcasting Network Internship

*August 2018 - May 2022*

Peoria Student Broadcasting Network

- Communicated within large, dynamic groups to efficiently produce and distribute visual assets for both live and pre-recorded broadcasts.
- Assisted in multiple stages of production—including filming, editing, and graphics creation—to support on-air content that resonated with audiences.
- Supported the development and implementation of creative content strategies that increased viewer engagement and contributed to the overall success of the network's programming.

## Interests

---

- Video game development, photography, cinematography, playing rock music.
